

SMART Exchange

To get lesson ideas and download lessons that other teachers created and shared, open your preferred web browser and type “**exchange.smarttech.com**” (without quotes) into the address bar. The majority of lessons on SMART Exchange are free to download and use but a few do have a cost associated with them.

You may search for and preview files on the SMART Exchange but to download you must have an account. SMART Exchange accounts are free and it is easy to register.

To Register for a SMART Exchange Account:

Click “Join for free!” at the top of the window.

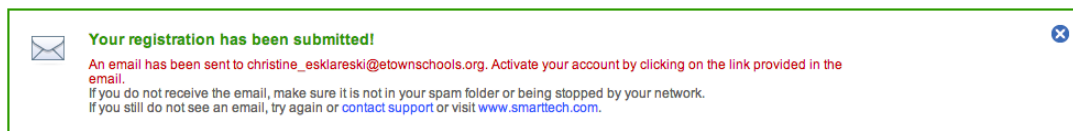

Enter all of the required information as denoted by the red asterisks.

Click **Agree and Continue**.

The next page asks for additional information to provide you with relevant content. **Complete the information on the subsequent page (optional) and click Submit.**

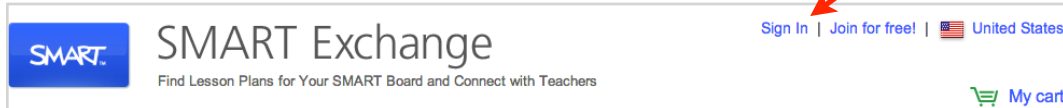

You will receive the message below:

Go to your email and click the link in the email from SMART to complete your registration. You will then be able to log into the SMART Exchange.

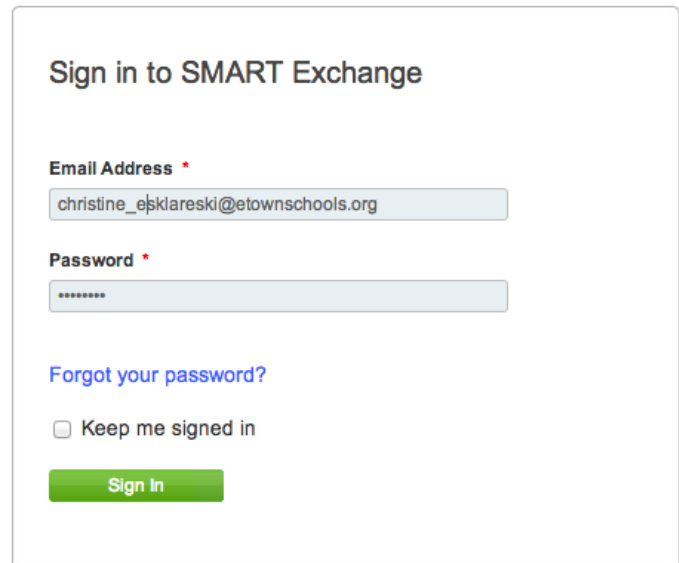

To Sign in and Sign Out of SMART Exchange:

Go to SMART Exchange website (exchange.smarttech.com) and click **Sign In**.

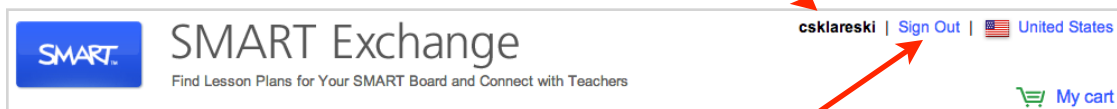

Enter the email address and password that you created your account with.

Click **Sign In**.

The image shows a "Sign in to SMART Exchange" form. It has a title "Sign in to SMART Exchange". Below the title are two input fields: "Email Address" with the value "christine_ejsklareski@etownschoools.org" and "Password" with masked characters "*****". There is a link "Forgot your password?" below the password field. At the bottom, there is a checkbox labeled "Keep me signed in" and a green "Sign In" button.

You will know that you are signed in when your username appears at the top of the page.

To sign out of SMART Exchange, click **Sign Out**. This option only appears when you are signed into the website.
